

Experienced Hydrographic Surveyor

DML is one of Australasia's most respected Hydrographic Survey companies employing a team of highly specialised surveyors who are leaders in their field. We operate throughout New Zealand, Australia and the greater Pacific Region. Our Clients typically include Governments, Engineering Companies, Regional and Local Councils and Port Authorities.

We are currently experiencing a growth phase and seeking a surveyor to join our team. You would:

- Work with some of Australasia's most respected Hydrographic Surveyors
- Have the opportunity to live in the Bay of Plenty
- Experience interesting and diverse projects
- Be part of helping shape our future

Ideally, you will be qualified as an IHO Cat A or B, or CPHS Level 1 or 2 Hydrographic Surveyor or equivalent with experience in delivering shallow water survey projects. Experience in operating software systems such as QPS Qinsy, Qimera would be an advantage.

You enjoy technical challenges and will be adept at organising and managing your time, be resilient in the face of pressure, and have a natural style that promotes building relationships with your colleagues.

You must be able to travel both domestically and internationally.

You will hold a current clean New Zealand Drivers licence and be competent in driving a manual vehicle and backing trailers. You must also be a NZ resident or hold a current work permit to work in Australia and New Zealand.

In return, we offer a competitive remuneration package, the opportunity to participate in a bonus scheme, and the opportunity to be part of a nationally recognised, innovative and market leading hydrographic survey company. Our people enjoy working on interesting projects alongside friendly colleagues, in a progressive environment where you can make a real difference.

If you are interested in this role and believe you meet our needs, please forward your CV to:

info@dmlsurveys.co.nz

We look forward to hearing from you.
